RCA: Default Rate by Loan Purpose

Key Insights & Actions

- Credit Card Refinancing shows the highest default rate (~8.2%), making it a priority segment for further operational investigation.
- Home Improvement has the lowest default rate (~4.9%).
- Monthly default rate fluctuates between approximately 5.8%–7.4%, indicating periods requiring closer monitoring.
- **Action:** Prioritize higher-risk loan-purpose segments for further analysis and monitor default-rate trends regularly.
